

3,500 KIDS

WILL SMOKE THEIR FIRST CIGARETTE TODAY.

Senators, every day you don't pass FDA regulation of tobacco products, 3,500 more kids — enough to fill 70 school buses — will smoke their first cigarette. And 1,000 will become addicted smokers.

It's time to tell Big Tobacco "no." No more marketing to our kids. No more fruit flavored cigarettes. Big Tobacco doesn't take a recess from marketing to children, so please don't take yours without protecting our kids first.

SENATORS, ENOUGH IS ENOUGH. PASS FDA REGULATION OF TOBACCO PRODUCTS NOW.
