BETTER CANCER EDUCATION

BETTER PATIENT OUTCOMES

TRUSTED. SMART. 24X7 CANCER NAVIGATION PLATFORM

GET STARTED AT [ANKR.US](https://www.ankr.us)

WHAT IS ANKR?

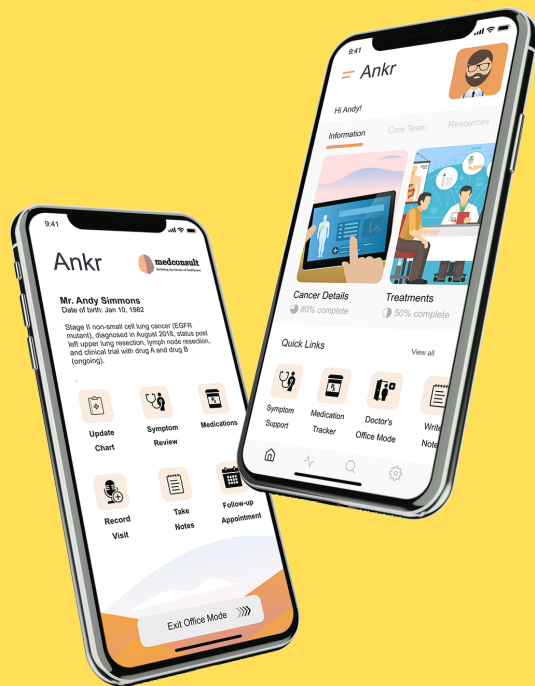

Ankr (pronounced “Anchor”) is a revolutionary education and navigation platform that gives you relevant, latest, and trusted cancer information.

Our smart algorithm, developed by world-leading cancer doctors, also guides you through:

- Treatment options
- Symptom and side effect management

Ankr works seamlessly with your Doctor* so that they can send important information to you with one-click.

Welcome to a paper binder-free future!

ANKR HAS ALL THE TOOLS YOU'LL NEED

TREATMENT INFORMATION

Ankr harnesses the power of artificial intelligence to guide you through your treatment options. Just enter your cancer type and stage to get started.

KEEP FRIENDS & FAMILY IN LOOP

Our platform empowers you to share information with friends and family as you wish.

So, when you make that audio recording of your doctor visit or update medications in the Ankr app, your caregiver can see it real-time on the web platform (my.ankr.us) from anywhere.

CUSTOMIZED TO YOUR DOCTOR

Ankr works with many health systems* around the country to give you customized experience. Ask your Doctor if they are on Ankr platform!

GO Ankr^{Pro} FOR EVEN MORE!

Ankr is free to use. But, if you want more features, try **Ankr Pro** to get:

- Unlimited audio notes
- Unlimited medication photos
- Intelligent Notifications
- Priority (white-glove) Support
- VIP Pass for Patient Summits
- and many more features...

Improve your cancer care experience for less than the cost of a movie ticket (\$12.99/month)!

GIFT A CARE PACKAGE!

Gift Ankr Pro subscription to someone you care about - use **ACS-CAN** code at checkout to get a 20% discount on annual subscription! Expires Jan 15, 2021.

*Participating doctors/clinics only
