American Cancer Society Cancer Action Network (ACS CAN)

ACS CAN is the nonprofit, nonpartisan advocacy affiliate of the American Cancer Society and is the nation's leading cancer advocacy organization working every day to make cancer priorities a state and national priority. ACS CAN is committed to ensuring that our progress on critical policy issues is achieved in collaboration with key partners.

ACS CAN Florida will be hosting a virtual Research & Innovation Summit exploring efforts to bridge the gap between innovation and access to care. Experts will focus on how innovation is transforming the future of cancer treatment, and how public policy decisions can address barriers to care to ensure that more patients can benefit from the latest advancements in treatment.

We invite you and your organization to join us in the fight against cancer by attending this event, participating as a speaker, or becoming a sponsor of this event.
