

You Make a Difference

WELCOME

Ohio Cancer Action Day 2022

Dear Advocate,

Thank you for participating in the American Cancer Society Cancer Action Network (ACS CAN) Cancer Action Day on March 30. We are very excited to be back in person during our "Reunited" day of action at the Ohio Statehouse. We know that not everyone is able to attend meetings in person, however, we still need their stories. Therefore, we have a limited number of virtual meetings that will precede CAD in Columbus. Together, we will make a difference in the fight against cancer.

ACS CAN is the nation's leading cancer advocacy organization working every day to make fighting cancer a priority. Your participation in Cancer Action Day demonstrates our cancer-fighting community is unified and determined in holding our lawmakers accountable by keeping the cancer fight top of mind.

The annual ACS CAN Ohio Cancer Action Day is the best opportunity for volunteers from across the state to unite their voices and ask elected officials to actively support the fight against cancer. Cancer Action Day is an energizing and exciting day that leaves participants with a sense of personal satisfaction knowing the effort they made for their friends, family, neighbors, and community. We will work hard to ensure you have that same sense of personal satisfaction and camaraderie in 2022.

As you prepare to join us in Columbus, please carefully read through your training guide. It includes important information to prepare you for Cancer Action Day including the links to training videos and details for our training Q&A sessions. These calls will offer the opportunity to ask any questions you have in preparation for our day together.

We truly appreciate your commitment to fighting cancer and look forward to the great accomplishments we will achieve together on March 30th!

Thank you for joining us!

Pam Manges
Ohio State Lead Ambassador

Leo Almeida
Ohio Government Relations Director

Robyn Kaltenbach
Ohio Grassroots Manager
