# HOW TO PLAY

Welcome to our virtual week of action legislative bingo! We have developed several activities for you to engage in throughout the week and beyond! These activities include sharing your story via social media or our story collection form, inviting friends to participate in our virtual cancer activities, participating in our virtual power hour by calling or emailing your lawmaker, posting a video of your advocacy activities, and creating your donor drive page to kick off our Lights of Hope fundraising!

The first five people who complete a straight line of activities will receive one of our updated ACS CAN logo pins! When you've hit "BINGO" post a picture to your social media page and tag ACS CAN Texas to show the activities you've completed.
