

The **American Cancer Society Cancer Action Network** is urging Californians to vote

YES *ON*
PROP 31

***YES ON 31 WILL SAVE LIVES
AND PROTECT KIDS***

Dear

Please join me in voting **YES** on **Prop 31** to **PROTECT KIDS** and **SAVE LIVES**. The tobacco industry targets kids, LGBTQ+ and communities of color with candy flavors like blue raspberry, root beer, and minty menthol to hook individuals and make them lifelong customers.

YES on **31** will save lives and protect kids from ever using tobacco by taking candy-flavored products off store shelves, and out of our neighborhoods.

Thank you!
